Student Performance & Placement Report

Riya Sharma | e2e1793262729382@example.com | Roll 2405111530099

Generated 10/29/2026, 8:32:11 AM

Summary	Result
Performance score	76.12 / 100 (Good)
Placement probability	0.0% - Needs improvement
Model	Gradient Boosting
Readiness index	54.7 / 100
Risk flag	High

Input	Value	Input	Value
cgpa	7.8	attendance	72
sem1	7.5	sem2	7.9
sem3	8	sem4	7.7
aptitude	70	coding	55
dsa	50	communication	65
internships	0	projects	1
certifications	1	backlogs	0

Hiring criterion (learned from data)	Your value	Met
Aptitude (IQ scale) > 110	107.9	No
CGPA > 8.0	7.8	No
Projects >= 2	1	No
Communication >= 8/10	7	No

Improvement plan	New probability
aptitude score: 70 -> 80; communication score: 65 -> 75; projects: 1 -> 2	98.6%
aptitude score: 70 -> 80; communication score: 65 -> 75; CGPA: 7.8 -> 8.1	92.0%
communication score: 65 -> 75; projects: 1 -> 2; CGPA: 7.8 -> 8.1	99.0%

Skill gap	Severity	Recommendation
Coding below 60	high	Solve 2-3 problems a day in one language (C++, Java or Python), starting with easy problems on arrays and strings.
DSA below 60	high	Follow a structured DSA sheet: arrays, linked lists, stacks, trees, graphs, DP. Revise time and space complexity.
No internship	medium	Apply for summer or virtual internships; even a 4-8 week internship adds real project experience to your resume.
Fewer than 2 projects	medium	Build two end-to-end projects (for example a full-stack web app and an ML

Skill gap	Severity	Recommendation
		model) and publish them on GitHub with a README.
Attendance below 75%	high	AKTU requires 75% attendance to sit end-semester exams. Attend every remaining class and meet your mentor.

Performance score = 0.40 x CGPA x 10 + 0.30 x Attendance + 0.30 x Semester avg x 10. Placement threshold 55%.
